What does Lifetime Membership really mean?

Witch School's number one question is what do we mean by 'lifetime membership'? What we mean is that you pay for a lifetime membership and for as long as the site exists, you will have full access. The Founders of the site, and everyone involved believes that Lifetime means Lifetime, and that is our great commitment. We are not here for a few day and gone. We are here everyday, twenty-four hours a day, seven days a week.

And we have done so everyday since September 4th, 2001.

By creating a lifetime commitment by the founders, it further enhances the belief that we offer a anyone, anytime, anywhere education. It allows us to look not at just the demands of today but also the demands of tomorrow as well. We are building a system that will be here tomorrow, next week, next month, next year, next decade, and we believe next century. We anticipate and plan to have this system outlast us, and someday offer lifetime education for every member in our community, without limits.

Witch School International is focused on providing a powerful education that can transform individuals into confident people who love what they do. We offer a world without limits, and a journey through it that will last our entire lives.

How long do you want to be a Member?
